When many people decide to get fit, they assume it involves rigorous activity. But you don't have to spend hours in a gym to be physically active. People can get in shape by performing everyday ...

Child Development Wikipedia

Child development entails the biological, psychological and emotional changes that occur in human beings between birth and the conclusion of adolescence, as the individual progresses from dependency to increasing

autonomy. It is a continuous process with a predictable sequence, yet having a unique course for every child. It does not progress at the same rate and each stage is affected by the ...
